

COMPUTER GIFT AGREEMENT

During the COVID pandemic, majority of the impoverished students in Vietnam do not have access to a computer to continue their education. With school resumed, they are able to attend classes in person. However, there is no guarantee that it does not happen again. Additionally, for the students to access to global information and expand their learning beyond the classroom context, it is important for them to have access to a computer. For that purpose, Fund For Dreams is collecting computers to resurrect and provide to the students in need. Computer hardware such as the hard drive will be replaced, and to the best of Fund For Dreams' abilities, the computers will be cleaned to remove any remaining data.

By signing this document, I agree to the following:

1. I hereby gift a computer in my possession and which I am the lawful owner of ("the computer") to Fund For Dreams, for the purpose of donating the computer to recipient students.
2. I understand that I have an option to remove the the hard drive myself, in case I do not, Fund For Dreams will replace computer hardware, and that Fund for Dreams will delete any and all data stored on the computer.
3. I waive all claims against Fund For Dreams for any damage to the computer, including any data stored on the computer. I agree to hold harmless and indemnify Fund For Dreams from and against all third party claims, liabilities, causes of action, damages, judgments, attorneys' fees, court costs, and expenses which arise out of Fund For Dream's normal course of performance of replacing computer hardware and deleting data stored on the computer.
4. I understand that Fund For Dreams offers no warranty, either expressed or implied, that the computer will be in a working condition for recipient students.
